Bachelor's Degree in Information Technology Engineering | Mekelle Institute of Technology

CGPA: 3.68/4.00 **Graduation:** 2026

PROJECTS & ADDITIONAL INFORMATION

Lwam Tesfay| IT Engineering Graduate

SELECTED PROJECTS

Contract Management System — Backend Development

Technologies: Java, Spring Boot, JPA, SQL database

- Worked on backend functionality for managing contracts and related information.
- Organized application code into service, use-case, and repository layers to support separation of concerns.
- Worked with domain models and persistence mappings to represent application data.
- Focused on maintainable code structure and clear responsibilities between application layers.

Floral Shop Website — Frontend Development

Technologies: HTML, CSS, JavaScript

- Worked on a website interface for a floral shop.
- Used HTML to structure page content and CSS to style the user interface.
- Used JavaScript to add interactive behavior.

ADDITIONAL INFORMATION

Professional Strengths: Willingness to learn, problem-solving, teamwork, and an interest in writing organized and maintainable code.
